Spring 2024 Newsletter

It gives us great pleasure to share with you the growth and development we have witnessed in each child throughout this academic year. Academically, your child has demonstrated a strong understanding of foundational concepts. They have shown a keen interest in learning, actively participating in class discussions, and completing tasks with enthusiasm. Whether it be mastering letter recognition, sounding out words, or solving simple math problems, they have shown a dedication to their academic growth.

Explore, Learn, Grow

Exploring nature and learning about the environment is an integral part of our curriculum. The children have taken a keen interest in nature, often spending time outdoors, where they enjoy activities, such as finding worms and observing the wonders of the natural world. These experiences have had a positive impact on the children, helping them develop a deep appreciation for nature and instilling in them a sense of wonder and curiosity. We believe that these interactions with the farm animals and outdoor activities are invaluable in shaping their early childhood development.

A Strong Foundation

Our preschool has demonstrated exceptional growth and development in various areas of their learning journey. From mastering fundamental literacy and numeracy skills to fostering creativity through arts and crafts, children have shown tremendous dedication and enthusiasm in their educational pursuits. Their enthusiasm for learning, coupled with the support and guidance of our dedicated teachers, has resulted in significant academic progress among our preschool cohort.

The children have developed a profound love for visiting the goats on our farm. It is truly heartwarming to witness their excitement as they interact with these gentle animals. Additionally, Amigo the horse has become a favorite among the children, who take great joy in spending time with him.

Our students have shown commendable progress and growth in every aspect of their learning journey and continued development.

Our students have made us proud, consistently demonstrating respect, empathy and kindness.

This school year, the children have showcased exemplary social skills, empathy, and teamwork throughout various classroom activities and projects. They have consistently exhibited kindness, cooperation, and respect towards their peers and teachers, creating a positive and inclusive learning environment within our preschool community.

Love of Literature

Playing outside is not only a source of fun for our students, but also a way for them to develop important social and physical skills. Through outdoor play, they have the opportunity to engage in imaginative and collaborative activities that foster creativity and teamwork. These experiences have had a positive impact on the children, helping them develop a deep appreciation for nature and instilling in them a sense of wonder and curiosity. We believe that these interactions with the farm animals and outdoor activities are invaluable in shaping their early childhood development.

Fine Motor Skills

Throughout the year, we have witnessed our Pre-K students' confidence grow as they have tackled new challenges and embraced learning opportunities. Their curiosity and eagerness to explore the world around them have been a joy to watch, and we have no doubt that these qualities will serve them well in their educational journey. We are confident that your child is well-prepared for the transition to Kindergarten. They have developed a strong foundation that will continue to support their growth and success in the years to come.

Collaborative Play

Physical Activity

The positive attitudes and willingness to collaborate with others have not gone unnoticed - your children have truly enriched the classroom environment with their presence.

Throughout the year, we have witnessed our students' confidence grow as they have tackled new challenges and embraced learning opportunities.

Forging Friendships

The Kindergarteners have been actively participating in extracurricular activities, such as Spanish, art and music classes, sports events, and community service projects. These experiences have contributed to their holistic development and enabled them to explore their interests and talents beyond the traditional classroom setting.

Discovering New Concepts

This year, our Kindergarten students have consistently demonstrated commendable progress and growth in various aspects of their learning journey. Whether it was mastering basic literacy and numeracy skills, actively participating in classroom activities, or displaying positive social interactions with peers, they have shown a genuine enthusiasm for learning and a strong commitment to personal development.

Positive Social Interaction

In terms of academic performance, the children excelled in subjects such as Mathematics, Language Arts, and Science. Their ability to grasp new concepts quickly and apply them in practical situations has been truly impressive. Moreover, they have shown a keen interest in exploring different areas of knowledge, asking thoughtful questions, and actively engaging in classroom discussions.

Nurturing Engagement

Our students' curiosity and eagerness to explore the world around them has been a joy to watch, and we have no doubt that these qualities will serve them well.
