

# Spring Enrichments

## **Tuesdays & Thursdays 4/28-6/4 Soccer w/ UKSD!**

UKSD Tiny Totz Soccer will be returning to Fair Acres for another Spring soccer program. Children will practice twice per week and be actively learning ball handling skills and using their creativity and imagination as they play soccer in castles, spaceships, and much more. During the six weeks, players will learn a new trick each week that will help them to feel more comfortable with the ball at their feet. We are so exciting to be welcoming back this popular program to our afternoon enrichments! Cost is \$130 (\$125 for extended day children)

## **Wednesdays 4/29-6/3 Kid Fit with Ms. Lori!**

Lori Dutra from Klub Kids is back by popular demand with all her crazy, fun games to keep kids moving, laughing, and getting fit! Lori talks with the children about leading healthy lifestyles, nutrition, muscles, and overall fitness. Lori is always a favorite among our students who love to see her return year after year! Cost is \$85 (\$80 for extended day children)

## **Fridays 5/1-6/5 Nuts for Nature w/ Ms. Meghan!**

Nature writer and outdoor educator Meghan Hill, M.Ed., will introduce a lasting love of the great outdoors, by leading our "Nature Nuts" on nature-based adventures, across the pristine Fair Acres landscape. Magnifying glasses in hand, children will develop respect for themselves, each other and the environment through thoughtful teambuilding activities, such as: Mother Nature scavenger hikes, gardening projects, making bird feeders, making fairy/gnome houses, creating nature journals, surveying and drawing wildlife, playing Five Trees, and more! Meghan will kick off the class with a reading of her recently published children's book, "Elephant Ears, Lizard Legs and Eagle Eyes," an introduction to the natural world aimed at sparking children's interest in science. Cost is \$90 (\$85 for extended day children)

See Jodi or Jen to register. Space is limited in all activities.
